

ACHILLES 1200/2200

The Achilles series sliding gate operators are the perfect choice to automate industrial gates (max 1200/2200kg).

The proper operation of the motor is guaranteed for long time thanks to the sturdy materials used for its production.

Achilles is available in 230Vac version.

TECHNICAL DATA	ACHILLES 1200	ACHILLES 2200
	230Vac	230Vac
Power supply (Vac/50Hz)	230	230
Max absorption (A)	4	5,5
Motor power supply	230Vac ~	230Vac ~
Max motor power (W)	550	750
Working temperature (°C)	-20↔+55	-20↔+55
Duty cycle (%)	50	50
IP protection level	44	44
Max thrust force (N)	1000	1600
Max gate weight (Kg)	1200	2200
Weight (Kg)	18	18
